DESCRIPTION

These 3 and 4-bedroom condos in Playacar Phase 1 are part of a low-density residential community in one of Playa del Carmen's established gated neighborhoods. The development consists of 3 buildings and 24 premium residences, including 6 Garden House units with private pools. Its architectural concept combines modern minimalist design with the tropical vegetation that characterizes Playacar and the nearby Caribbean coastline.

The residences are designed for buyers seeking generous living areas suitable for a primary home, second residence or extended stays in Playa del Carmen. Floor plans include 3 or 4 bedrooms, with full bathrooms associated with the bedrooms according to the project specifications. Each residence also incorporates a service area with a separate room and bathroom,...
